

## Day 2 Lab Assignments

**Use CSS and CSS3 styles to do the following:**

(Note: You can use this site for search for any image you want to the assignments: <https://www.shutterstock.com>).

- 1- Make a navbar with rounded corners, and use Font awesome, to add some icons to the navbar items.

- a. Use the icons from Font awesome.
  - b. Make the navbar items as list (ul), and inside each list item (li), add a link for each menu item.
  - c. Use list style type: none for the list items.
  - d. Use display: inline-block for the list items. (Why?).
  - e. Handle that when mouse over an item its background color to be changed, and the icon color also to be changed gradually (Use transition).
- 2- Use Custom font for any paragraph (Search for new fonts, do not use the font given in the lecture)
    - a. Search for web fonts libraries (google fonts for example) and use them.
  - 3- Complete Day.1 Assignment.3, as the following:
    - a. Use font awesome for icons.
